Pulsewrx, Inc. is an authorized provider through SafetyNet Wireless. The LIFELINE and AFFORDABLE CONNECTIVITY (ACP) programs are non-transferable government benefits limited to one discount for each program per eligible household. ACP benefits can be applied to any broadband service at the same terms available to households that are not eligible for the ACP benefit. Consumers will be subject to the undiscounted rates if the ACP program ends, or the benefit is transferred away. Consumers may file a complaint against its provider via the Commissions' Consumer Complaint Center.

\*Unlimited data does not mean unreasonable. To ensure that all customers have access to reliable services provided at a reasonable cost, you may not use our service in a manner that interferes with another SafetyNet Wireless mobile customer's use of our service or disproportionately to SafetyNet Wireless' network resources. Complete terms and conditions can be found at <https://safetynetwireless.com/safetynet-other-states-terms-conditions-service/>.
