*AmeriHealth Caritas Ohio reimbursement policies and their resulting edits are based on guidelines from established industry sources, such as the Centers for Medicare and Medicaid Services (CMS), the American Medical Association (AMA), state and federal regulatory agencies, and medical specialty professional societies. Reimbursement policies are intended as a general reference and do not constitute a contract or other guarantee of payment. AmeriHealth Caritas Ohio may use reasonable discretion in interpreting and applying its policies to services provided in a particular case and may modify its policies at any time.*

*In making claim payment determinations, the health plan also uses coding terminology and methodologies based on accepted industry standards, including but not limited to Current Procedural Terminology (CPT®), the Healthcare Common Procedure Coding System (HCPCS), and the International Classification of Diseases, 10th Revision, Clinical Modification (ICD-10-CM). Other factors that may affect payment include but are not limited to medical record documentation, legislative or regulatory mandates, a provider's contract, a member's eligibility in receiving covered services, submission of clean claims, and other policies. These factors may supplement, modify, or in some cases supersede reimbursement policies.*

*This reimbursement policy applies to all healthcare services billed on CMS-1500 forms or its electronic equivalent and, when specified, billed on UB-04 forms or its electronic equivalent.*

## Policy Overview

This policy describes limitations on reimbursement to providers contracted with AmeriHealth Caritas Ohio, based on frequency limitations for benefit coverage of services and supplies.

Many services and supplies have a frequency limit for coverage under the member's benefit. For example, many preventive and screening services are limited to once per year.

AmeriHealth Caritas Ohio follows Ohio Department of Medicaid (ODM), the Centers for Medicare and Medicaid (CMS), and medical practice standards with regard to frequency limits of services and supplies. Only medically necessary services and/or supplies are reimbursable.

## Exceptions

N/A

## Reimbursement Guidelines

AmeriHealth Caritas Ohio utilizes edits to prevent payment for services and supplies exceeding the frequency limit under the available benefit coverage:

- Claims or claim lines exceeding the frequency limit under benefit coverage of a service or supply will be denied.

- If authorization was granted as an exception to the normal frequency limit, the authorization number must also be reported on the claim for the service or supply to be considered for payment.
- Appropriate diagnosis code(s) and/or modifier(s) on the claim indicate the circumstance(s) for which a service or supply provided is medically necessary.

Providers must submit clean claims for accurate reimbursement of services and/or supplies.

AmeriHealth Caritas Ohio utilizes other edits for maximum units of service; see RPC.0023.7700.

Refer to CPT/HCPS manuals for complete descriptions of procedure codes and their modifiers, and ODM provider resources for fee schedules and provider guidelines.
