

9-30-26

AmeriHealth Caritas Ohio is beginning to plan our 2027 Behavioral Health Continuing Education (CEU) Program and is seeking presenters interested in sharing practical, evidence-based strategies that support the behavioral health workforce. The program provides free educational opportunities and is approved to offer continuing education credits through the Ohio Counselor, Social Worker, and Marriage and Family Therapist (CSWMFT) Board.

We welcome presentations on behavioral health best practices, emerging trends, innovative approaches to care, and other timely topics that support providers and the communities they serve.

This is a paid speaking opportunity.

If you are interested in presenting, please send your topic idea and credentials to Stephanie Cortez at SCortez1@amerihealthcaritas.com by **October 23**.

Thank you for helping us build another impactful year of learning.
