AmeriHealth Caritas Ohio

October 15, 2026

There is still time to submit a presentation proposal for AmeriHealth Caritas Ohio's 2027 Behavioral Health CEU Program.

We are seeking knowledgeable speakers who can provide practical tools, evidence-based strategies, and real-world insights to support healthcare professionals and community providers across Ohio. Our goal is to offer timely education that addresses emerging behavioral health needs and improves care delivery.

Selected presenters can receive compensation for their participation.

Please submit your topic idea and credentials to Stephanie Cortez at SCortez1@amerihealthcaritas.com by **October 23**.

We encourage you to share this opportunity with colleagues who may be interested.
